

TOP 5 Reasons to add a SAWGRASS™ SG800

BIG PRINTS.

With an **11" x 17" print size**, the SG800 increases productivity compared to other entry level printers. That means you can sublimates to larger objects or get more prints to a single page!

EVERYTHING YOU NEED.

Johnson Plastics Plus makes it easy to get started in sublimation with our **SG800 printer package** that includes the printer, paper, ink, and optional bypass tray.

ITEM #XP8256

EASY SOFTWARE.

The Sawgrass **Virtuoso Print management software**, included makes it easy to get the most out of your printer by ensuring color accuracy and vibrancy.

OUTSTANDING COLOR.

NEW Sawgrass inks get you more prints per cartridge and a **20% better color range** for vibrant accurate prints.

COMPACT SIZE.

Designed to fit in any shop or office, the SG800 gives big sublimation prints in a counter-top friendly footprint.
